

# Exceptional Vacation Choices

Reward yourself with some well-deserved R&R

One thing we can all agree upon – there's never enough time when it comes to our vacations. We work hard all year long and when our vacations begin, they seem to go by so fast. One week feels like three or four days, two weeks feel like one. Then it's over, and the luxury of swimming, boating, barbecuing, or just hanging out by the beach is a distant memory. Unless you've had the good fortune to stay at either Melody Bay Resort or Lakes of Wasaga, two exclusive resort communities with extended seasons that accommodate your vacation schedule.

## MELODY BAY

Melody Bay, on Upper Buckhorn Lake, is Parkbridge Lifestyle Communities' newest extended season resort. Only

five minutes from the village of Buckhorn, Melody Bay is open from April 1 to November 15. This three-season retreat, only 90 minutes from Toronto, is in the heart of the sumptuous Kawarthas.

Brand new two-bedroom Northlander cottages will envelope you and your family in all of the comforts of home, away from home, with views of the lake that will soothe the eyes and the spirit. Cottages can be purchased for under \$70,000, or rented for under \$1,000/week, ensuring that, whatever your budget, this is a summer retreat you can easily settle into.

The lakefront lounge is the social hub of the community. The two salt-water pools, two beaches, floating docks, sports pad, soccer field, and nearby golf are but a few of the many

physical and cultural activities to choose from in and around Melody Bay, to exercise the body and stimulate the mind.

## LAKES OF WASAGA

Lakes of Wasaga, as the name suggests, is located at Wasaga Beach, one of Canada's premier vacation destinations. Here you have the option of either a three-season cottage experience – the season runs from April 16 to November 20 – or a true four-season retreat, renting one of the homey chalets. The two- and three-bedroom resort cottages, by Northlander and Woodland Park can accommodate both family and guests, and can be rented for as low as \$150/night. They can also be acquired, fully furnished, for under \$65,000, which includes setup on the lot of your choice, appliance package, decking, central air and a paved drive. Beneath a canopy of mature trees, the resort is mere minutes from shopping, golfing, biking and hiking trails, and five minutes from the beach.

Less than 90 minutes from Toronto, Lakes of Wasaga is the best of both worlds – a true retreat from the everyday world, yet never too far away from home.

The choice is yours. With seasons as long as these, you'll have lots of time to decide which resort is best for you. ■
